### Exact Cover Waiting Periods

- A 12 month waiting period on pre-existing condition specific disease and or illness applies to this policy.
- In the event that there is no pre-existing conditions related to the stated conditions within this policy, a 10 month waiting period applies where no claims can be submitted for a procedure or surgery related to the following conditions, unless due to an injury resulting from an accident. Dental procedures for impacted teeth, dental procedures for reconstructive plastic surgery, functional nasal surgery, oesophageal reflux and hiatus hernia surgery, back and neck surgery, joint replacement surgery, cochlear implant, auditory brain implant and internal nerve stimulator surgery including the device and processor, bunion surgery, arthroscopic surgery and varicose veins surgery.
- When a new beneficiary joins the policy, they are subject to normal underwriting terms and conditions and waiting periods as denoted above will apply.

### What This Benefit Does Not Cover:

- Medical procedures listed as specific exclusions by your medical scheme that do not form part of our list of medical procedures covered.
- Service providers accounts where your medical scheme paid a portion towards the account.
- Service providers accounts where your medical scheme applied an Overall Annual Limit (OAL) as a cover limit to in-hospital medical procedures.
- Service providers accounts where your medical scheme Sub-Limit benefit is exhausted at the time of the event.
- Service providers accounts where your chosen service providers charge a rate that exceeds the cover limit we provide.
