## IN-HOSPITAL BENEFITS

The following benefit categories form part of the aggregated OAL of **R213 000**.

### GAP COVER

This covers the difference (the shortfall or the gap) between what the medical scheme pays and the doctors and specialists charge in hospital. We cover an additional **500%** above scheme rate or at the stated benefit value.

For Robotic surgery claims that are reflected on the hospital account, we will cover up to a sub-limit of **R37 500** per policy. We will also cover the shortfall on claims for BMI (Body Mass Index) codes 0018 and 0019 only. **Subject to the OAL.**

### CO-PAYMENTS AND CO-PAYMENTS CHARGED AS A PERCENTAGE

Co-payment cover is for the co-payments (including co-payments expressed as a percentage), excesses, or deductibles **as stipulated, or imposed by a medical scheme, for specified procedures, cover for hospital admission fees, or surgical procedures.** The co-payment must be part of your medical scheme rules which will be highlighted on the authorisation for your procedure. **Subject to the OAL.**

Refer to the Cancer Co-payment benefit for claims related to cancer.

### PENALTY FEE

When you choose to use a hospital that is not on your medical scheme's network, you may have to pay a stated amount or percentage of the accounts as specified by your medical scheme rules.

This benefit has a sub-limit of **R16 000** per claim, with a maximum of **2** claims per policy irrespective of whether a rand amount or percentage penalty fee is charged by the medical scheme. Note that this is for the voluntary **use of a non-designated service provider or network hospital and includes the use of a partial cover network hospital.** Co-payments for administration charges are specifically excluded from cover on this option. **Subject to the OAL.**

### DAY HOSPITAL/CLINIC AND/OR IN-ROOM SURGICAL PROCEDURES COVER

This benefit will cover the shortfall for any day hospital, clinic, or in-room procedures including acute hospitals if a policyholder elects to have the treatment that would normally be performed in hospital, done in a day hospital, clinic, or in a doctor's room by a registered medical professional. **Subject to the OAL.**

### PRESCRIBED MINIMUM BENEFIT (PMB) COVER

Prescribed Minimum Benefits (PMB) give all scheme members access to certain minimum health benefits, regardless of your medical scheme option. Medical schemes are required to pay the full cost of diagnosis and treatment of a defined list of PMB medical conditions.

PMB Cover on this policy is only for the shortfalls resulting from the voluntary use of a non-designated service provider for a planned PMB procedure. This is not applicable in the event of an emergency. In the event of an emergency, PMB protocols should be adhered to. **Subject to the OAL.**

### HOSPITAL ACCOUNT SHORTFALLS

This benefit will cover any charges, like consumables, on the hospital account that the medical scheme has not paid. We also cover take-home medication that the medical scheme has not paid from risk and the cost of upgrading to a private ward up to the benefit amount.

We pay up to **R7 800** per policy, **R1 500** per claim. A **R2 000** sub-limit is applicable to private room upgrades. **Subject to the OAL.**

### SUB-LIMIT ENHANCER

This benefit has a sub-limit of **R40 000** per claim. This benefit caters for all sub-limits. We will provide cover when there is a benefit on your medical scheme option for devices like MRI & CT Scans, cochlear implants, intraocular lenses, internal prosthesis and Trans-catheter Aortic Valve Implantation (TAVI) procedure valves. When you exceed your medical scheme benefit limit during the time of the event, resulting in a shortfall or "gap", we will pay the shortfall depending on the Gap option you are on. If you claim and your medical scheme limit has been reached at the time of the event, meaning it was used up before the claim event, and your medical scheme does not contribute anything towards this benefit, we will not pay. **Subject to the OAL.**

### STEP-DOWN (INCLUDES ACCIDENT, STROKES AND CANCER TREATMENT)

There is a sub-limit of **R15 000** per beneficiary, per annum after an accident, stroke or cancer treatment. If your medical scheme provides benefits for rehabilitation as an in-patient in a step-down or sub-acute facility. Cover will be provided for ongoing treatments, resulting from an accident, stroke, or cancer treatment, when your medical scheme benefit limits have been reached. **Subject to the OAL.**

## OUT-OF-HOSPITAL BENEFITS

### PRIMARY CARE

This benefit covers you for the shortfall on the consultation fee when your medical scheme pays their scheme agreed rate up to **R5 500** per policy, and **R850** per claim.

This includes the fees for:

- GP Consultations
- Dental Consultations
- Alternative therapist consultations (Chiropractors, Physiotherapists, Biokineticists, Occupational therapists, Homeopaths, and Audiologists – if covered by the medical scheme option you are on.) **Subject to the OAL.**

This specifically excludes any other related charges during the consultation for services rendered where there are charges applicable.

*This is not a medical scheme. The cover is not the same as that of a medical scheme and is not intended to be a substitute for a medical scheme membership.*
